PROFESSIONAL SUMMARY

Frontend Developer focused on improving user experiences by building responsive, scalable web applications that simplify complex workflows and increase user productivity. Strong hands-on experience with React.js, JavaScript, Tailwind CSS, and API integration, with a proven ability to turn real user problems into practical digital solutions.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), Responsive Web Design, Cross-Browser Compatibility

Frameworks/Libraries: React.js, Tailwind CSS

State Management: Context API

API Integration: REST APIs, Axios, Fetch API

AI & Modern Web: Google Gemini API, Prompt Engineering, AI Feature Integration

Developer Tools: Git, GitHub, VS Code, Chrome DevTools

Deployment: Vercel

Performance: Debugging, Code Optimization, Component Reusability

Design: Figma (Basics), Affinity Photo, GIMP

PERSONAL PROJECTS

Bug Solver

Tech Stack: React.js, Tailwind CSS, Monaco Editor, Judge0 API, Google Gemini API, Context API, Vercel serverless function.

- Reduced debugging time for developers by enabling faster identification and understanding of code errors through AI-generated explanations.
- Improved developer productivity by integrating instant code execution and suggested fixes within a single workflow.
- Enhanced learning outcomes by turning complex programming errors into simple, actionable insights for users.

Forever (E-commerce)

Tech Stack: React.js, React Router DOM, Tailwind CSS, Context API

- Improved shopping efficiency by enabling faster product discovery through filtering, sorting, and category-based browsing across 50+ products.
- Increased user engagement by designing intuitive cart and checkout workflows that simplified purchasing decisions.
- Strengthened mobile usability by delivering a fully responsive shopping experience across devices.

EXPERIENCE

Tentrox Studios Pvt Ltd - 2D Artist	03/2023 – Present Tamil Nadu, India
• Improved delivery reliability by producing 100+ production-grade visual assets under strict deadlines and adapting quickly to shifting priorities. • Reduced rework cycles by identifying and correcting texture and asset-quality issues early in the production pipeline. • Strengthened visual consistency by applying detailed quality-review workflows across final production assets. • Accelerated project delivery by collaborating closely with artists and production teams to ensure smoother asset handoffs and faster approvals.	

EDUCATION

Bachelor of Computer Applications (BCA)	06/2018 – 04/2021
<i>Sanghamam College of Arts and Science</i>	Tamil Nadu, India
Scored - 77%
