CAREER OBJECTIVE

Frontend Developer specializing in React.js and JavaScript (ES6+), with hands-on experience building responsive web applications. Seeking to join a dynamic team where I can apply my expertise in UI development, state management, and performance optimization to deliver scalable, high-quality user experiences in fast-paced, agile environments.

SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Framer Motion

State & Routing: Context API, React Router DOM

API: REST APIs (Fetch, Axios)

Tools: Git, GitHub, Vite, npm, Vercel

Dev Tools: VS Code, Chrome DevTools

PROJECTS

Forever - Ecommerce Web Application

Tech Stack: React.js, React Router DOM, Tailwind CSS

- Built a responsive e-commerce web application handling 50+ products
- Added dynamic filtering and price sorting for enhanced user experience
- Implemented global state management using Context API for cart and wishlist operations
- Developed user profile module using reusable React components

Agency.ai – Responsive Landing Page

Tech Stack: React.js, Tailwind CSS, Framer Motion, Web3Forms

- Built a fully responsive landing page with modern UI design
- Implemented smooth animations using Framer Motion
- Integrated contact form functionality using Web3Forms API
- Added dark/light theme toggle for improved user experience

Expense Tracker Web Application

Tech Stack: HTML, CSS, JavaScript

- Built a responsive lightweight expense tracking application for managing daily transactions
- Implemented CRUD operations with real-time balance updates
- Integrated Local Storage for persistent data storage

PROFESSIONAL EXPERIENCE

Tentrox Studios private limited

03/2023 – Present

2D Texture Artist

Tools: Affinity Photo, GIMP

- Created high-quality digital assets including SVGs, normal maps, pattern designs, and color-rich textures
- Ensured visual consistency across assets, improving design quality and usability

EDUCATION

Bachelor of Computer Applications (BCA)

06/2018 – 04/2021

Sanghamam College of Arts and Science
